"My daughter has learned to comprehend more in her reading and recognize a lot more words than when she started. Thank you. It was exceptional!"

"My son will not have to go to summer school because he improved his academic level. Reading Saturday has made him well prepared."

~Reading Saturday Parent

"I must say the last Reading Saturday was a bittersweet day. I truly did not realize how much this program meant to me until the end and everyone was leaving. Omosaze has been a blessing to not just me but everyone involved."

Current Operations Manager for All Schools***

"I would recommend this program in a heartbeat. I love the feeling of giving back and making a difference. It's also a great opportunity to network with teachers (as a major in Education/Special Education/ESL). Great people!"
